Professional Summary

Full Stack Developer skilled in MERN stack (MongoDB, Express, React, Node.js) with experience in building scalable web applications, REST APIs, and secure authentication systems. Passionate about developing real-world solutions and seeking an entry-level software developer role.

Technical Skills

Front-End: React.js, Redux, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, SCSS, Responsive Design
Back-End: Node.js, Express.js, RESTful API Design, JWT
Languages & Databases: Java (OOP) , SQL (MySQL), MongoDB, Firebase Firestore
Tools & DevOps: Git, GitHub , Vercel, Netlify, Render , Figma, VS Code

Projects

Excess Food Redistribution Platform | *MERN Stack* [🔗 Live](#) | [🔗 Code](#) **Nov 2025**

- Engineered a full-stack MERN application to facilitate real-time food redistribution from donors to NGOs.
- Developed a secure backend using **Node.js and MongoDB** to manage high-concurrency listings, improving query performance by **25%**.
- Integrated automated email notifications and **JWT-based session management** to enhance user security.
- Deployed on Render, ensuring 99.9% server uptime and consistent project availability for stakeholders.

Hemato - Blood Donation Platform | *React JS, Firebase* [🔗 Live](#) | [🔗 Code](#) **Jan 2024**

- Architected a real-time blood donor matching platform using **React.js and Firebase Firestore**.
- Implemented secure OAuth/Email authentication and real-time sync, reducing emergency response time by **40%**.
- Reduced user navigation friction by 30% through a mobile-responsive UI design focused on accessibility.
- Optimized data retrieval via Firestore queries to filter donors by blood group and location efficiently.

Personal Portfolio | *React JS, SCSS* [🔗 Live](#) | [🔗 Code](#) **Sep 2025**

- Developed a modular portfolio with a reusable component-based architecture using **React.js and SCSS**.
- Optimized performance via **Lazy Loading**, achieving a 1.2s First Contentful Paint (FCP) for a seamless experience.
- Deployed on Vercel, ensuring high availability and optimized access for technical recruiters.

Education

Velammal Institute of Technology <i>Bachelor of Engineering in Computer Science and Engineering (CGPA: 8.68)</i>	Panchetti, TN Aug 2022 – June 2026
Jayam Matric Higher Secondary School <i>Higher Secondary Certificate (HSC) - 85.33%</i>	Sankarapuram, TN June 2021 – May 2022
Jayam Matric Higher Secondary School <i>Secondary School Leaving Certificate (SSLC) - 97.80%</i>	Sankarapuram, TN June 2019 – May 2020

Certificates & Achievements

- **Full-Stack Development:** Professional Certification - Simplilearn SkillUp (Expected Nov 2025)
- **NPTEL Certifications:** Programming in Java (Elite), The Joy of Computing Using Python (Elite Gold)

Professional Competencies

- **Systems Thinking:** Ability to architect full-cycle project flows from UI design to DB schema.
- **Agile Methodology:** Experienced in Git-based workflow, technical documentation, and rapid learning.
